

Task 4 – Mud Flower / Nature cakes & Nature potions

Old yogurt cartons / plastic bottles/ tubs can be used for nature cakes and nature potions

Task 6 – Kitchen Science

This experiment shows the importance of washing hands with soap often.

- Put water and pepper into a bowl.
- Dip your finger into the bowl amongst the pepper BEFORE washing your hands.
- Washing your hands in warm soapy water for 20 seconds.
- Dip your (clean) finger into the bowl
