Week beginning 8th June 2020

Let's see how many of these activities you can complete this week.

Literacy

1. Explore your spelling words from the Week 10 list on Seesaw using one of your chosen active spelling strategies. Remember to revise them throughout the week.
2. Try to do 20-30 minutes reading for enjoyment every day. This could be reading quietly on your own, reading to a pet, reading with a parent or sibling.
3. Photograph – Take a photograph of the text you are currently reading at home. Write a blurb to give a few clues as to what is going to happen in your text. The photographs and blurbs will be shared with your friends this week! Your friends might want to read your book!
4. Choose a reciprocal reading skill to focus on before you read the next chapter of your chosen novel/book. Your adult will also ask you come comprehension questions from the list on Seesaw to help you.
5. Ask an adult/older sibling to test you on your spelling words at the end of the week.

1. P3/4 Big Maths Task – Theme Park Design

This week your maths learning is going to be a bit different. You have a maths project linked to your learning! Full details of this task will be uploaded on to Seesaw. I think you are really going to enjoy this task!
